Sprig & Sprout Cuisine

Chef/Owner Jennifer Hoang has created a menu that stays true to her cultural roots. The menu offers Vietnamese cuisine for traditionalists and the adventurous. We designed the menu to appeal to people who are inexperienced with Viet food and to introduce them to the fresh flavors of a national cuisine that is just beginning to find its way into mainstream culture.

Guests can enjoy classic Vietnamese dishes in a fresh American atmosphere, fresh produce delivered daily, variations on Viet staples, and new twists on traditional dishes. Jen has also included vegan and vegetarian creations. For the complete menu please [Click Here >>>](#)

Sprig & Sprout Beverage Program

Sprig & Sprout beverage program is designed to promote America's finest craft beers. Sprig & Sprout has stayed true to the American theme by tailoring our beer list to include some of the best American craft beer producers. As former bartenders, Marc Farmer and Jennifer Hoang have developed new and interesting Asian inspired cocktails to compliment the cuisine.
